Project Management for Small Projects, Third Edition Sandra F. Rowe,2020-08-25 Project Management for Small Projects shows you how to tailor bureaucratic planning processes to a sleek minimum while still keeping your project running like a well oiled machine The Project Management Body of Knowledge PMBOK recommends tailoring the planning processes to fit the size of your project but it doesn t always fully explain how Using too much process can be as detrimental to a project as not using a process at all For years this book has helped managers of small projects design processes that are neither too big nor too small but just right It provides simplified but compliant tools for immediate use in managing small projects And since most small projects tend to be similar in structure or outcome a template for one project can be used for future projects This new edition of Project Management for Small Projects has been updated to align with the latest PMBOK

In addition there is new material on Agile project management and on the essential leadership skills for small project managers
