Unesco,2009 Education systems today face two major challenges expanding the reach of education and improving its quality
Traditional solutions will not suffice especially in the context of today s knowledge intensive societies The Open Educational
Resources movement offers one solution for extending the reach of education and expanding learning opportunities The goal
of the movement is to equalise access to knowledge worldwide through openly and freely available online high quality
content UNESCO has contributed to building global awareness about Open Educational Resources through facilitating an
extended conversation in cyberspace Over the course of two years a large and diverse international community came
together in a series of online discussion forums to discuss the concept of Open Educational Resources and its potential In
making the background papers and reports from those discussions available for the first time in print this publication seeks
to share even more widely the contributions made by so many It is intended for all who may be intrigued by the Open
