**Deferrals of Domain** NA NA,2016-04-30 Contemporary female novelists tend to portray the relationship between women and the state as profoundly negative in contrast to various constructions in current feminist theory Martine Watson Brownley analyzes novels by Margaret Atwood Paule Marshall Nadine Gordimer and Margaret Drabble to explore the significance of this disparity The book uses literary analysis to highlight elements of state power that many feminist theorists currently occlude ranging from women s still minimal access to state politics to the terrifying violence exercised by modern states At the same time however feminist theory clarifies major elements in many contemporary women s lives about which the novels are ambivalent or misleading such as romantic love and the role of sexuality in state politics Deferrals of Domain fills a double gap both authorial and topical in current critical treatments of women writers and will be of interest to both literary and women s studies scholars To defer or differ: Experimental evidence on the role of cash transfers on Nigerian couples' decision-making Bakhtiar, M. Mehrab,Fafchamps, Marcel,Goldstein, Markus,Leonard, Kenneth L.,Papineni, Sreelakshmi,2024-10-02 We conduct an original lab in the field experiment on the decision making process of married couples over the allocation of rival and non rival household goods The experiment measures individual preferences over allocations and traces the process of deferral consultation communication and accommodation by which couples implement these preferences We find few differences in individual preferences over allocations of goods However wives and husbands have strong preferences over process women prefer to defer decisions to their husbands even when deferral is costly and is not observed by the husband men rarely defer under any condition Our study follows a randomized controlled trial that ended a year earlier and gave large cash transfers over eighteen months to half of the women in the study We estimate the effect of treatment on the demand for agency among women and find that the receipt of cash transfers does not change women s bargaining process except in a secret condition when the decision to defer is shrouded from her husband This suggests that the cash transfer to women increases their demand for agency but does not change the intra household balance of power enough to allow them to express it publicly Collection of WIPO Domain Name Panel Decisions Eun-Joo Min,WIPO Arbitration and Mediation Center,Mathias Lilleengen,WIPO Arbitration Center,2004-01-01 Selected UDRP decisions rendered by WIPO Center panels between 2000 and 2003 illustrating major substantive issues and procedural mechanics of the UDRP Uniform Domain Name Dispute Resolution Policy The policy is intended to assist in resolving commercial disputes arising out of bad faith registration and use of Internet domain names corresponding to trademark rights Monthly Catalogue, United States Public Documents ,1985 **Monthly Catalog of United States Government Publications** ,1985 **Proceedings of the Institute on Planning, Zoning, and Eminent Domain** ,2003 **Land Use Institute, Planning, Regulation, Litigation, Eminent Domain, and Compensation** ,2010 **Historical Intrusions Into the Fictional Domain in Book V of Spencer's Faerie Queene** Nancy C.
