*Zumbo* Adriano Zumbo, 2011 Join Adriano Zumbo on a whirlwind tour through his whimsical world of sweet treats Learn how to create his Willy Wonka style inventions from melt in the mouth macarons with bold flavour combinations to sublime chocolates perfect pastries and amazing gateaux and dessert creations Challenge yourself to conquer the croque en bouche or take on the wonderful multi layered v8 cake both made famous after featuring on MasterChef Australia Inspirational and utterly irresistible Zumbo will take you on a journey beyond the chocolate factory *A Socio-economic and Tourism Study of Guruve, Luangwa, Zumbo, and Magoe Districts* ,2003 *Violence and the Genesis of the Anatomical Image* Rose Marie San Juan, 2023-01-31 Nothing excited early modern anatomists more than touching a beating heart In his 1543 treatise Andreas Vesalius boasts that he was able to feel life itself through the membranes of a heart belonging to a man who had just been executed a comment that appears near the woodcut of a person being dissected while still hanging from the gallows In this highly original book Rose Marie San Juan confronts the question of violence in the making of the early modern anatomical image Engaging the ways in which power operated in early modern anatomical images in Europe and to a lesser extent its colonies San Juan examines literal violence upon bodies in a range of civic religious pedagogical and exploratory contexts She then works through the question of how bodies were thought to be constituted systemic or piecemeal singular or collective and how gender determines this question of constitution In confronting the issue of violence in the making of the anatomical image San Juan explores not only how violence transformed the body into a powerful and troubling double but also how this kind of body permeated attempts to produce knowledge about the world at large Provocative and challenging this book will be of significant interest to scholars across fields in early modern studies including art history and visual culture science and medicine *Psychometrics* C.R. Rao, Sandip Sinharay, 2007 This volume representing a compilation of authoritative reviews on a multitude of uses of statistics in epidemiology and medical statistics written by internationally renowned experts is addressed to statisticians working in biomedical and epidemiological fields who use statistical and quantitative methods in their work While the use of statistics in these fields has a long and rich history explosive growth of science in general and clinical and epidemiological sciences in particular have gone through a sea of change spawning the development of new methods and innovative adaptations of standard methods Since the literature is highly scattered the Editors have undertaken this humble exercise to document a representative collection of topics of broad interest to diverse users The volume spans a cross section of standard topics oriented toward users in the current evolving field as well as special topics in much need which have more recent origins This volume was prepared especially keeping the applied statisticians in mind emphasizing applications oriented methods and techniques including references to appropriate software when relevant The contributors are internationally renowned experts in their respective areas This volume addresses emerging statistical challenges in epidemiological biomedical and pharmaceutical research It features methods for assessing

Biomarkers analysis of competing risks clinical trials including sequential and group sequential crossover designs cluster randomized and adaptive designs and structural equations modelling and longitudinal data analysis
