**The European Union** Steven P. McGiffen,2005-10-20 The political dynamics of the European Union can often appear confusing shrouded as they are in complex legislative processes This book offers a clear and thorough critical introduction to the origins development and current direction of the EU and pinpoints the major policy debates animating decision makers This revised and updated edition offers a well illustrated analysis of each of the EU s major policy areas and covers arguments both for and against the EU McGiffen explores subjects including enlargement internal and external security the Euro trade the environment employment transport and regional policy He explains how and why the debate about membership is frequently and falsely presented as if it were a conflict between nationalism and internationalism and argues instead that the EU is merely one of a number of possible solutions to the the economic and political problems facing Europe Published in association with Spectre Pearson Edexcel A Level Global Politics Robert Murphy,John Jefferies,Josie Gadsby,Eric Magee,2022-03-25 Newly revised to accompany the Pearson Edexcel specification for Global Politics with updated case studies and recent developments from around the world Provides synoptic links within global politics and across UK and political ideas topics Includes definitions of key terms and concepts throughout Includes quickfire knowledge check questions and summaries of key content to help consolidate knowledge and understanding Features practice questions throughout helping students improve their analysis and evaluation skills Provides answer guidance for exam style questions online on the Hodder Education website *The European Union and Conflict Prevention* Emma J. Stewart,2006 The book examines the evolution of EU conflict prevention as an internal EU process and as an area of external cooperation with the UN OSCE and NATO Conflict prevention has emerged as a prominent EU policy in the post Cold War era Yet how suited is the organisation to practice conflict prevention and what does the record of cooperation with other key European organisations tell us about the EU s external priorities The book critically analyses the EU s policy and outcomes to date concluding that conflict prevention is underdeveloped by the EU and is in danger of being marginalised in favour of shorter term crisis management Moreover EU external cooperation reinforces this the priority is cooperation in crisis management

with the UN and NATO rather than longer term cooperation with the OSCE
