*The Battle* Arthur C. Brooks, 2010-08 America faces a new culture war It is not a war about guns abortions or gays rather it is a war against the creeping changes to our entrepreneurial culture the true bedrock of who we are as a people The new culture war is a battle between free enterprise and social democracy Many Americans have forgotten the evils of socialism and the predations of the American Great Society s welfare state programs But as American Enterprise Institute s president Arthur C Brooks reveals in *The Battle* the forces for social democracy have returned with a vengeance expanding the power of the state to a breathtaking degree *The Battle* offers a plan of action for the defense of free enterprise it is at once a call to arms and a crucial redefinition of the political and moral gulf that divides Right and Left in America today The battle is on and nothing less than the soul of America is at stake

*Life in the Market Ecosystem* Stuart K. Hayashi, 2014-11-13 *Life in the Market Ecosystem* the second book in the *Nature of Liberty* trilogy confronts evolutionary psychology head on It describes the evolutionary psychologists theory of gene culture co evolution which states that although customs and culture are not predetermined by anyone s genetic makeup one s practice of a custom can influence the likelihood of that person having children and grandchildren Therefore according to the theory customs count as evolutionary adaptations Extending that theory further as entire systems of political economy capitalism socialism and hunter gatherer subsistence consist of multiple customs and institutions it follows that an entire political economic system can likewise be classified as an evolutionary adaptation Considering that liberal republican capitalism has insofar as the system has been implemented done more to reduce the mortality rate and secure human fertility than other models of societal structure it stands to reason that liberal republican capitalism is itself a beneficent evolutionary adaptation Moreover as essential tenets of Rand s Objectivism individualism observation based rationality and peaceable self interest have been integral to the development of the capitalist ecosystem important aspects of the Objectivism are worthwhile adaptations as well This book shall uphold that position as well as combat critiques by evolutionary psychologists and environmentalists who denounce capitalism as self destructive Instead capitalism is the most sustainable and fairest political model This book argues that of all the philosophies Objectivism is the one that is most fit for humanity

*The End of Work* John Tamny, 2018-05-07 From the author of *Popular Economics* comes a surprisingly sunny projection of America s future job market Forget the doomsday predictions of sour faced nostalgists who say automization and globalization will take away your dream job The job market is only going to get better and better according to economist John Tamny who argues in *The End of Work* that the greatest gift of prosperity beyond freedom from painful want is the existence of work that is interesting
