Elon Musk Rollingstone Com:

Elon Musk Chris McNab,2022-11-01 Elon Musk is one of the world s most successful entrepreneurs the CEO of Tesla the founder of SpaceX and one of the richest people on the planet Raised in South Africa he attended a number of universities before founding the software company Zip2 in 1995 Just four years later it was bought for 307 million X com the online bank he founded in 1999 merged to form PayPal the following year His business interests have expanded to include aerospace artificial intelligence and neurotechnology This book is a deep dive into his career and how he built his business empire A fascinating read for aspiring entrepreneurs or anyone looking to build a successful business [The Curious Mind of Elon Musk](#) Charles Steel,2026-02-24 What drives the most driven man on Earth When someone is very different we struggle to place them We venerate them or revile them or put them in a box labeled flawed genius anything that spares us the effort of seeing the world as they do No one embodies this more than Elon Musk especially after his foray into politics He lives in the spotlight yet he remains an enigma The Curious Mind of Elon Musk is an ideas driven biography that seeks to understand Musk in his own terms Drawing on influences from science engineering and literature Charles Steel traces Musk s core beliefs across nine themes from the meaning of life to artificial intelligence What emerges as Musk s defining quality is his obsessive curiosity born of existential anxiety nurtured by an extreme rationality and unleashed in the building of multiple companies over three decades Whatever you thought you knew about Musk Steel shows that the deeper you look the curiouiser and curiouiser he becomes **America in Crisis** Adebowale Akande,2025-10-30 This book examines the far reaching impact of charismatic leadership on voter behavior media influence and affective polarization In this context emotional reactions to opposing parties fuel societal division Trump s political messaging consistently portrays former President Joe Biden as America s scapegoat deepening partisan conflicts and shaping public perception As President Donald Trump begins his second term the U S is facing deep political division economic uncertainty and institutional distrust His administration s sweeping policy shifts including aggressive tariffs corporate deregulation and strict immigration measures have triggered economic disruptions and global instability Meanwhile ideological and emotional polarization deepens driven by personality politics and the rise of strong leader authoritarianism This volume examines the American presidency offering insights from the past and a prescient look at the potential ramifications of Trump 2 0 on the domestic political landscape and the global stage This book will appeal to scholars policymakers and anyone interested in the future of U S politics as it emphasizes the importance of understanding and addressing polarization to promote a more inclusive and effective political dialogue *Hubris Maximus* Faiz Siddiqui,2025-04-22 The rise fall and revival of the Caesar of Silicon Valley Elon Musk has cast himself as the savior of humanity an altruistic force whose fortune is tied to noble pursuits from halting our dependence on fossil fuels to colonizing Mars Once frequently heralded as a modern day Edison Musk has taken up a new place in the public consciousness with his growing desire to disrupt not just the automotive and space industries but the policies that

shape our nation placing him at the center of America's most complex undertakings in manufacturing, politics, and defense and technology, even as his increasingly erratic personal behavior has raised questions about his stability and judgment. Musk famously leads his companies from a bully pulpit, eroding guardrails and cutting through red tape whenever possible with little regard for the fallout, as long as it serves his larger goals. Many in his orbit have seen their lives upended or their careers throttled by believing in his utopian vision. As the scale of the wagers he makes with his fortune and concerns about his credibility have grown in recent years, he alternately seems to be in complete command or on the verge of a meltdown. Yet in the long run, he has only become wealthier, and now the stakes have risen. Thanks to astute political maneuvering, Musk is no longer limited to gambling with a company's bottom line or the livelihoods of his workers; he is poised to apply his uncompromising approach to business to the foundational rules and regulations that hold our society together. At a moment when America's tech gods are more influential than ever, Hubris Maximus is a cautionary tale about the pitfalls of lionizing magnetic leaders.

Washington Post journalist Faiz Siddiqui offers a gripping, detailed portrait of a singularly messy and lucrative period in Musk's career, as well as a case study in the power of using one's platform to shape the public narrative in a world that can't turn away from its screens.

Free Speech Jacob Mchangama, 2022-02-08 The best history of free speech ever written and the best defense of free speech ever made. P. J. O'Rourke hailed it as the first freedom. Free speech is the bedrock of democracy. But it is a challenging principle, subject to erosion in times of upheaval. Today, in democracies and authoritarian states around the world, it is on the retreat. In *Free Speech*, Jacob Mchangama traces the riveting legal, political, and cultural history of this idea. Through captivating stories of free speech's many defenders, from the ancient Athenian orator Demosthenes and the ninth-century freethinker al-Razi to the anti-lynching crusader Ida B. Wells and modern-day digital activists, Mchangama reveals how the free exchange of ideas underlies all intellectual achievement and has enabled the advancement of both freedom and equality worldwide. Yet the desire to restrict speech too is a constant, and he explores how even its champions can be led down this path when the rise of new and contrarian voices challenge power and privilege of all stripes. Meticulously researched and deeply humane, *Free Speech* demonstrates how much we have gained from this principle and how much we stand to lose without it.

Trolling Ourselves to Death Jason Hannan, 2023 Almost forty years ago, Neil Postman argued that television had brought about a fundamental transformation to democracy. By turning entertainment into our supreme ideology, television had recreated public discourse in its image and converted democracy into show business. In *Trolling Ourselves to Death*, Jason Hannan builds on Postman's classic thesis, arguing that we are now not so much amusing as trolling ourselves to death. Yet how do we explain this profound change? What are the primary drivers behind the deterioration of civic culture and the toxification of public discourse? *Trolling Ourselves to Death* moves beyond the familiar picture of trolling by recasting it in a broader historical light. Contrary to the popular view of the troll as an exclusively anonymous online prankster who hides behind a clever avatar and screen name, Hannan asserts that trolls have emerged

from the cave so to speak and now walk in the clear light of day Trolls now include politicians performers patriots and protesters What was once a mysterious phenomenon limited to the darker corners of the Internet has since gone mainstream eroding our public culture and changing the rules of democratic politics Hannan shows how trolling is the logical outcome of a culture of possessive individualism widespread alienation mass distrust and rampant paranoia Synthesizing media ecology with historical materialism he explores the disturbing rise of political unreason in the form of mass trolling and sheds light on the proliferation of disinformation conspiracy theory cancel culture and digital violence Taking inspiration from Robert Brandom s innovative reading of Georg Wilhelm Friedrich Hegel Trolling Ourselves to Death makes a case for building a spirit of trust to curb the epidemic of mass distrust that feeds the plague of political trolling
