**Perspectives on Multigrade Teaching** Linley Cornish, Matshidiso Joyce Taole, 2021-10-25 This book contains the results of research projects carried out in relation to multigrade teaching in Australia and South Africa Research in multigrade contexts is not commonly reported and rarely in book form The research results have implications for multigrade teachers government education personnel and university teacher educators The book also contains chapters with practical advice for multigrade teachers including examples of multigrade teaching used in an Australian seven grade class kindergarten to grade 6 Other chapters contain suggestions for practical strategies a multigrade teacher can use to reduce the workload involved in planning for multiple grades Very little is published in the area of multigrade teaching yet the number of multigrade schools worldwide is huge Developed countries still have a significant proportion of multigrade schools commonly one fifth to one third of all primary schools or classes Despite decades of centralisation of schools and expansion of transport networks the number of these schools remains high mostly in rural areas Developing countries established multigrade schools in rural areas in order to achieve the UN Millennium Development Goal of Universal Primary Education Yet specific training to teach a multigrade class remains virtually non-existent in initial teacher education programs worldwide The value of this book is thus to report specific research carried out in multigrade contexts but also to provide practical help for multigrade teachers This help is needed as the teachers strive to achieve the UN Sustainable Development Goal of a quality education through helping their students develop the skills and behaviours required for 21st century learning

**Ensuring All Children Learn** Ishmael I. Munene, 2021-08-23 Ensuring All Children Learn Lessons from the South on What Works in Equity and Inclusion brings together a rich tapestry of cases from three southern continents focusing on issues germane to the access learning and retention in basic education in the context of Education for All EFA It is a narrative of both the disappointment that the implementation of EFA did not go as envisaged and of policy alternatives and hopes for a brighter future The focus on Africa Asia and Latin America permits the reader to appreciate both the diversity of issues central to EFA and the physical spread of the challenges The book confirms that whereas southern countries have adopted EFA as an overall policy goal empirical evidence from the case studies uncovers critical lapses in policies and strategies Four key issues inform the thematic analysis in the book the overall experience in implementing EFA the specific challenges faced the lessons learned and prospects for the future The solutions to these challenges provide avenues for the attainment of basic education for all school eligible children in tandem with the UN Sustainable Development Goal 4 on education

**The Future of Ubiquitous Learning** Begoña Gros, Kinshuk, Marcelo Maina, 2015-07-28 This book explores emerging pedagogical perspectives based on the design of new learning spaces supported by digital technologies and brings together some of the best research in this field The book is divided into three themes foundations of emerging pedagogies learning designs for emerging pedagogies and adaptive and personalized learning The chapters provide up to date

information about new pedagogical proposals and examples for acquiring the requisite skills to both design and support learning opportunities that improve the potential of available technologies Learning and Teaching Around the World Kimberly Safford, Liz Chamberlain, 2018-07-17 Learning and Teaching Around the World is a wide ranging introduction to diverse experiences practices and developments in global primary education It explores different contexts for children s learning and methods and purposes of primary education in settings across Africa Asia Europe the Americas and Australasia and addresses wider issues such as the rise of refugee learners and large multi grade classes With an explicit focus on comparative and international studies and improving the knowledge understanding and practice of effective pedagogies for children s learning this book reflects on key issues such as Standards for learner centred education Patterns of inclusion and exclusion Defining teacher professionalism The impact of global education agendas Language policy for schooling and assessment Learning and Teaching Around the World is an essential text for those wishing to develop a critical understanding of the experiences of primary teachers and children around the world Aimed at both undergraduate and postgraduate education studies students the scope of this book will support all students in developing knowledge of primary education and of the diverse needs of learners in an era of global movement of children and families **Handbook of**

**Research on Creating Spaces for African Epistemologies in the Inclusive Education Discourse** Maguvhe, Mbulaheni Obert, Masuku, Mfundo Mandla, 2021-12-31 Students with disabilities who are not able to perform to the best of their abilities often find themselves learning in inaccessible environments and subjected to increased stress levels due to the haphazard provisioning of education characterized by physical communicative and unsuitable teaching and learning approaches Very often this is a result of various shortcomings including unfair assessment practices Misconceptions and a lack of knowledge with regard to the implementation of inclusive education detract from the successful admission of students with disabilities and their retention and active participation The Handbook of Research on Creating Spaces for African Epistemologies in the Inclusive Education Discourse explores the concept of inclusive education in an African context It advocates for the monitoring and evaluation of inclusive education and proposes interventions where reasonable accommodation or lack of accessibility is a reason for students with disabilities to not benefit from this system Covering topics such as barriers to learning rural schools and student support this major reference work is an essential resource for administrators advocates for students with disabilities policymakers researchers pre service teachers educators academicians and students

**Immigration and the Current Social, Political, and Economic Climate: Breakthroughs in Research and Practice** Management Association, Information Resources, 2018-08-03 Unstable social climates are causing the displacement of large numbers of people around the world In consequence the issue of safe relocation arises leading to the need for new policies and strategies regarding immigration Immigration and the Current Social Political and Economic Climate Breakthroughs in Research and Practice is a timely reference source on the challenges risks and policies of current

relocation and refugee flows and addresses the social political and economic problems in relation to these aspects of immigration Highlighting a range of pertinent topics such as political refugees human rights and economic equity this publication is an ideal reference source for policymakers managers academicians practitioners and graduate level students interested in the current state of immigration from social political and economic perspectives **Practical tips for teaching multigrade classes** ,2013 Voces de la inclusión Irene Edith Ramírez Hernández ,Víctor Gutiérrez ,Ismael Cáceres-Correa ,Pablo Valenzuela Carrillo,2016 La inclusión educativa no es una moda pedagógica es una necesidad educativa real A pesar de la polisemia del término inclusión una idea en común que subyace en todos los textos de este libro es la integración efectiva de los educandos a través del conocimiento con el fin de hacer justicia social reconociendo la diferencia de todas las personas teniendo como base los Derechos Humanos La variedad de los acercamientos a este término así como la diversidad geográfica en cuanto al origen de los autores nos ayuda a situarnos y entender que la inclusión educativa no se limita sólo a la atención de alumnos con NEE En realidad todos los educandos al ser diferentes requieren de una atención específica Sin embargo las desigualdades sociales y los prejuicios culturales que hoy día prevalecen hacen urgente voltear la mirada y centrar la práctica en los que por diferentes causas se encuentran en situación de mayor desventaja y vulnerabilidad
