

1992B. Answer the following two periodic table questions.

Classifying the Periodic Table Grid

By using a color-coded periodic table, answer the next:

1992B.1

In addition, the periodic table has been divided into groups. The organization of the table appears to be according to the type of ions that are produced by the elements. For the second row, the elements are grouped into 2 groups: the alkali metals and the noble gases. The periodic table is organized by properties, both chemical and physical. The organization of the table shows the order of the levels of organization in the periodic table. The elements are grouped into groups, which are the vertical columns of the periodic table. The elements are grouped into groups, which are the vertical columns of the periodic table.
