**Building Your Own Capsule Wardrobe** Pat Sgambati, 2021-08-24 Capsule wardrobes are about personal style but they are also a more mindful and sustainable way to think about clothing. Fast fashion and our consumerist culture have tricked us into believing that we must own everything and the result is a stuffed closet full of clothes that we may never wear. While capsule collections originally produced an air of exclusivity and a designer's artistic expression, most of the individuals who have now become capsule wardrobe experts got into the game because they are tired of decision fatigue and also because they want to be more sustainable. Capsule wardrobes push us to think more about whether we truly need each piece in our closet. Buy less, wear more, and find high quality. That's the motto here. This guide will cover the most basic steps of creating a capsule wardrobe as well as the benefits of the idea. Items covered will include things that some may prefer to skip while others will spend a long time pondering how to best go about this, that or the other. The perfect capsule wardrobe will change from person to person and no one can tell you otherwise.
