fat from our diets we've deprived ourselves of considerable health benefits and have sabotaged our efforts to lose weight. Renowned nutritionist Jonny Bowden and well-respected physician Steven Masley independently came to the same conclusion about why so many people continually fail to shed pounds and get healthy. It all comes back to a distinction far more important than calories vs carbs or paleo vs plant-based: smart fat vs dumb fat. In *Smart Fat* they explain the amazing properties of healthy fat, including its ability to balance hormones for increased energy and appetite control, and its incredible anti-inflammatory benefits. The solution for slimming down and keeping the pounds off for life is to smart-fat your meals, incorporating smart fats with fiber, protein, and most importantly, flavor. Bowden and Masley identify smart fats, explain what not to eat, and provide a thirty-day meal plan and fifty recipes based on the magic formula of fat, fiber, protein, and flavor. Getting smart about fat and everything you eat, and learning to smart-fat your meals, is the only solution you'll ever need. They include depression, anxiety, and panic attacks, poor sleep, and widespread pain, and can be masked during pregnancy, post-pregnancy, and menopause, only to appear with great force later in life. Featuring the latest research on gut, brain, and hormone health, and including answers to the most common heart health misunderstandings, *Heart Solution for Women* finally gives women the tools to succeed, feel great in their bodies, and add years to their lives.
