MLA Guide to Digital Literacy (Updated with AI Guidance) Ellen C. Carillo, 2026-03-06

The third edition of this best selling classroom guide helps students understand why digital literacy is a crucial skill for their education, future careers and participation in democracy. Offering practical guidance for assessing information online, this guide provides students with the tools to locate reliable sources among the clickbait and viral videos that pervade the web. The guide's hands on activities, germane readings and lesson plans give students strategies for reading and analyzing data visualizations, finding and evaluating credible sources, learning how to spot fake news, fact checking, crafting a research question, effectively conducting searches on Google and on library catalogs and databases, finding peer reviewed publications, evaluating primary sources and understanding disinformation and misinformation, filter bubbles, propaganda and satire in a variety of sources including websites, social media posts, infographics, videos and more on platforms like Facebook, X (formerly Twitter), Instagram, TikTok and YouTube. New to the third edition, a chapter on generative AI (GenAI) including information on how GenAI is trained, uses of GenAI tools, GenAI powered search engines, prompting GenAI and evaluating GenAI output, a consideration of ethical issues related to GenAI including impacts on the environment and on intellectual property, privacy and bias in searches, a discussion of GenAI and plagiarism, an updated discussion of deepfakes, fake headlines and other forms of misinformation, student exercises on using GenAI, a lesson plan that invites students to reflect on the benefits and limitations of using GenAI to support their reading practices.
