Minimalism: Minimalist Lifestyle Mindset to Stop Feeling Attached and Declutter and Organize Your Home and Life With Essentialism and Own the Day of Your Life With Simplicity Greg Levine, 2019-02-28 Use These Simple and Powerful Decluttering Secrets to Immediately Eliminate Stress and Save Time Today Take back control of your life Minimalism is about learning how to be happy and live fulfilled with less Less doesn't necessarily mean you live in a van without internet and live from selling handmade bracelets to tourists Less means the perfect scenario in which you have enough to live happy with objects you need and love There is a pattern in modern society in which you are expected to spend and finance acquiring luxury items with debt However true happiness is rarely found in these material belongings There's nothing wrong with owning nice and expensive things but it becomes a problem when things start to own you Minimalism is about breaking this pattern and going back to basics It helps you appreciate non material things such as experiences and skill development There's no right or wrong answer to how many things you need in order to be a minimalist as we all have different perceptions of necessities and opinions on how much is enough In this Book You'll Learn What's Minimalism The Minimalist Principles Adopt Minimalism Minimalistic Life Applying Minimalism Remove Stress Minimalism is not about selling your house or car and living in a cave It is about getting rid of the little little things in life and focusing on the bigger important things The object of this book is to set you on a course to decluttering both your physical and mental space so that you can focus more on what is really important and free yourself to lead a happier and more productive lifestyle The art of simplifying is not necessarily simple in itself but it will become that way as you break down the tasks ahead of you into smaller more manageable chunks The reward for doing this will be a much deeper sense of inner peace and a greater ability to tackle those areas of your life that really matter So if you are ready for a breakthrough take the challenge to change and see what minimalism can do for you
