Dreamers and Unicorns Abhijit Bhaduri, 2023-01-09. Which description fits your organisation? DREAMERS: Most Dreamers or early stage startups know how to build products, not organisations. Most Dreamers stay local and never become a Unicorn with a national footprint. UNICORNS: Three curses the Unicorns have to watch for: a narcissistic leader, a leadership team of old cronies, and a toxic culture. These prevent them from going global and becoming Market Shapers. MARKET SHAPERS: A Market Shaper changes how we live and work across countries and cultures. Their challenge is to continuously earn the trust of governments and communities. INCUMBENTS: Many Incumbents were once Market Shapers and Unicorns. The leaders don't know that the firm and its offerings are irrelevant. Not being able to attract and retain talent is a warning bell; the leaders often ignore it. Packed with ideas and innovations, this powerhouse of a book by best-selling author and talent management specialist Abhijit Bhaduri explains why leadership, talent, and culture are the new drivers of growth, whether you are a Dreamer, a Unicorn, a Market Shaper, or an Incumbent.

Leading with Empathy Carolyn Reily, 2025-02-28. Focusing on empathy as a key tool, this book examines the impact of hybrid working on staff mental health and how business leaders, managers, coaches, and mentors can create a positive and motivated hybrid workforce. Part of the Business in Mind series, it is for anyone who is managing remote workers, whether individuals or teams. As the world of work has changed drastically since the Covid-19 pandemic, with more staff working from home, the importance of nurturing staff well-being is more important than ever. Even though businesses are seeing the benefits of working at home, it can also create challenges. With the latest research and studies, this book explores practical ideas for finding the right working model and how to develop an appropriate leadership style. Uniquely, it discusses the neuroscience of stress to identify ways to improve workers' mental health and inform how managers can use this to create a positive work environment.
