A Comprehensive Manchu English Dictionary:

A Comprehensive Manchu-English Dictionary Jerry Norman, 2020-10-26 Jerry Norman's *Comprehensive Manchu English Dictionary* a substantial revision and enlargement of his *Concise Manchu English Lexicon* of 1978 now long out of print is poised to become the standard English language resource on the Manchu language. As the dynastic language of the Qing dynasty 1644-1911 Manchu was used in official documents and was also the vehicle for an enormous translation literature mostly from the Chinese. The new Dictionary based exclusively on Qing sources retains all of the information from the earlier Lexicon but also includes hundreds of additional entries cited from original Manchu texts enhanced cross references and an entirely new introduction on Manchu pronunciation and script. All content from the earlier publication has also been verified. This final book from the preeminent Manchu linguist in the English speaking world is a reference work that not only updates Norman's earlier scholarship but also summarizes his decades of study of the Manchu language. The Dictionary which represents a significant scholarly contribution to the field of Inner Asian studies and to all students and scholars of Manchu and other Tungusic and related languages around the world will become a major tool for archival research on Chinese late imperial period history and government.

The Tungusic Languages Alexander Vovin, José Andrés Alonso de la Fuente, Juha Janhunen, 2023-08-31 *The Tungusic Languages* is a survey of Tungusic a language family which is seriously endangered today but which at the time of its maximum spread was present all over Northeast Asia. This volume offers a systematic succession of separate chapters on all the individual Tungusic languages as well as a number of additional chapters containing contextual information on the language family as a whole its background and current state as well as its history of research and documentation. Manchu and its mediaeval ancestor Jurchen are important historical literary languages discussed in this volume while the other Tungusic languages around a dozen altogether have always been spoken by small local though in some cases territorially widespread populations engaged in traditional subsistence activities of the Eurasian taiga and steppe zones and the North Pacific coast. All contributors to this volume are well known specialists on their specific topics and importantly all the authors of the chapters dealing with modern languages have personal experience of linguistic field work among Tungusic speakers. This volume will be informative for scholars and students specialising in the languages and peoples of Northeast Asia and will also be of interest to those engaged with linguistic typology cultural anthropology and ethnic history who wish to obtain information on the Tungusic languages.

Translating Early Modern China Carla Suzan Nappi, 2021 A volume on translation and language in China from the fifteenth to mid nineteenth centuries. It uses fictional narrative to discuss translators who worked between Chinese and mostly non European languages and studies dictionaries language primers grammars poetry collections and conversation manuals.

[Ruling the Mongols of Manchuria](#) Jiani He, 2025-10-01 At the turn of the twentieth century the Jirim League witnessed a linguistic struggle between Manchu Mongol Chinese Japanese and Russian powers. The Qing Empire envisioned a trilingual educational

system with the aim of improving the Jirim Mongols ability to read Chinese Manchu and Mongolian Through this policy the Qing sought to transform loyal imperial subjects into modern patriotic nationals and incorporate them into an integrated and united China under a Manchu constitutional monarchy The late Qing s language policy and strategy for ruling the Mongols of Manchuria was an attempt to address the enduring multilingual legacies in Qing administration and people s everyday life growing local ethnic tensions cross boundary connections imperial rivalries and the rise of new ideas concerning nation modern state and international relations in East Asia This book challenges the notion of Chinese language reform as a story of linear progression towards national monolingualism highlights the power of multilingualism in Chinese nationalist discourse from a peripheral non Han Chinese perspective and questions the extent to which national languages dominate the writing of history

Statehood in the Altaic World Oliver Corff, 2018-06-15 Altaic Studies deal with a group of languages and respective cultures that show obvious similarities Turkic Mongol and Manchu Tungus Whether they are really related or whether they just influenced each other remains a matter of scholarly discussion The Permanent International Altaistic Conference PIAC was established in 1957 as a working group to further research on this issue Annual meetings have since been taking place in different countries and the respective proceedings offer a wealth of information on the Altaic languages and cultures The 2016 meeting took place at Ardahan Turkey a new and modern university close to the borders of Georgia and Armenia it covered a wide range of subjects of which a peer reviewed selection is published in the present volume The papers deal with an Old Turkic inscription the B bur n ma memoirs of B bur Crimean history Uighur calligraphy the modern role of the Kazakh language the ancestor cult in Turkic traditions administrative and state concepts in the 18th century Chinese imperial pentaglot dictionary which includes Turki an appreciation of Denis Sinor 1916 2011 celebrated Altaist and for many years secretary general of the PIAC the publishing projects of the outstanding Lamaist scholar and politician Lalitavajra Rol pa i rdo rje and several poetic travelogues in Mongolia The editors are members of the PIAC Barbara Kellner Heinkele is Prof emer of Turkic Studies Free University of Berlin and secretary general of the PIAC Oliver Corff is an independent scholar of Chinese Studies Hartmut Walravens is retired from his positions at the Berlin State Library and as Director of the worldwide ISBN system

The Tarikh-i Hamidi Musa Sayrami, 2023-07-25 The Tarikh i amidi is an epic and tragic history from the region of Xinjiang in northwest China the homeland of the Muslim majority Uyghur people Written in the early twentieth century it chronicles a mass rebellion by the Muslims of Xinjiang against the China based Qing empire from its beginnings in 1864 to the Qing reconquest of 1877 and its aftermath Its author Musa Sayrami was an eyewitness to and participant in the rebellion and he later became a servant to the state that arose from it an emirate led by the Central Asian military commander Ya qub Beg Sayrami documents the optimism of the rebellion s early days when local Muslims rose up to demand justice as well as the tragedies that resulted from its leaders hubris Ya qub Beg s state offered hope for Islamic rule but he turned out to be a flawed ruler and the Qing reconquered the region The narrative alternates dramatic scenes of

battles and intrigue with colorful legends and reflections on the nature of politics Sayrami wrote not only to record events being lost from memory three decades after the uprising but also to account for why the Islamic rebellion had failed He draws on traditional Islamic scholarship to analyze the relationship between Qing and Islamic power developing an incisive argument about politics and empire Presenting a distinctly Uyghur perspective on China Eurasia and the world the *Tarikh i amidi* is at once an invaluable lens on a period of flux and a cornerstone of Uyghur writing

The Comprehensive Standard Dictionary of the English Language Funk & Wagnalls Company, 1921 *Grammaticalization meets Construction Grammar* Evie Coussé, Peter Andersson, Joel Olofsson, 2018-05-23 Grammaticalization research has increasingly highlighted the notion of constructions in the last decade In the wake of this heightened interest efforts have been made in grammaticalization research to more precisely articulate the largely pretheoretical notion of construction in the theoretical framework of construction grammar As such grammaticalization research increasingly interacts and converges with the emerging field of diachronic construction grammar This volume brings together articles that are situated at the intersection of grammaticalization research and diachronic construction grammar All articles share an interest in integrating insights from grammaticalization research and construction grammar in order to advance our understanding of empirical cases of grammaticalization Constructions at various levels of abstractness are investigated both in well documented languages such as Ancient Greek Latin Spanish German Norwegian and English and in less described languages such as Manchu and Mongolian

Multilingualism, Lingua Franca and Lingua Sacra Jens E.

Braarvig, Markham J. Geller, 2018 The present book comprises a number of studies centered around the topic of how knowledge diffuses from one culture to another and how knowledge diffusion is connected with the spread of languages and the conceptual systems they carry by translation This diffusion also takes place also over linguistic borders in the way that a given receiving language may also absorb systems of knowledge from languages that are linguistically quite unrelated but culturally connected with respect to knowledge transfer Thus we find that Sumerian concepts with considerable impact were moved into the Akkadian language along with writing systems religion science and literature even though linguistically the languages are completely unrelated Another example is how Chinese culture and writing systems spread throughout East Asia into Korea Japan and Vietnam though the languages of these countries were linguistically unrelated to Chinese The same case can be made for Buddhist ways of thinking when it was clothed in the garb of Chinese or Tibetan or one of the other languages along the Silk Road This is also true for the spread of Manicheism as it was portrayed in a great number of languages related or unrelated German and Latin are linguistically related but when Latin learning was communicated in Old High German many of its terms were created in Middle German to accommodate the Latin conceptual world and the German language was lastingly enriched with novisms denoting concepts of the Classical traditions of learning in a process parallel to the spread of Greek Christianity into the East European cultures and languages The book describes some cases of such knowledge transfer and what kind of mechanisms are involved in the ensuing language changes in the receiving languages and cultures
