## **Guerrilla Gunsmithing:**

**Guerrilla Gunsmithing** Ragnar Benson,2001-01-01 There may come a time when government restrictions severely limit not only access to firearms but the tools and means to repair and maintain them or you may someday find yourself in the boon docks with a busted weapon That s where the guerrilla gunsmith comes in Ragnar Benson has had experience fixing junk guns in some tough places around the world and here he shares some innovative ways to patch up cobble together and otherwise make operational everything from antique rifles still found in remote war zones to modern firearms suffering from appalling abuse Drawing on lessons and stories from backwoods experts he s worked with under desperate conditions in Africa the Philippines Thailand Pakistan and beyond Ragnar tells how to employ last resort but effective techniques to remove hopelessly stuck rounds and other barrel obstructions straighten bent barrels replace lost parts smooth out dented magazines make repairs to some pretty hopeless stocks scrounge up workable ammo and more These are last ditch do it yourself methods but they may be all you ll have to fall back on deep in the bush or with your back to the wall when the only things between you and the enemy are a rifle and the know how to make it work **Ghost Guns** Mark A.

Tallman,2020-08-13 With thorough analysis and balanced reporting Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution is an essential resource for readers seeking to understand the rise of homemade firearms and future options for managing them For more than a century strict gun control was possible because firearms were produced in centralized industrial factories Today the Fourth Industrial Revolution combining old and new technologies threatens to upend this arrangement An increasing number of hobbyists makers technology provocateurs and sophisticated criminals are proving that you don t need a factory to make guns anymore The security challenges of this transformation are increasingly apparent but the technologies behind it hold tremendous potential and while ignoring the security implications would entail risks the costs of new policies also must be evaluated Do it yourself or DIY weapons will bring significant ramifications for First and Second Amendment law international and homeland security crime control technology privacy innovation and the character of open source culture itself How can a liberal society adjust to technologies that make it easier to produce weapons and contraband Informative and thought provoking Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution carefully analyzes the technical legal social political and criminological trends behind this challenging new area of illicit weapons activity **Arming for the Apocalypse** James Ballou,2018-01-18 Global economic meltdown Widespread

natural disaster Disease pandemic It doesn t matter the cause In the coming Dark Age the delicate supply infrastructures of modern society will collapse and you will no longer have access to groceries gasoline or guns The time to assemble your arsenal is now says author Jim Ballou and here he guides you through the many crucial factors you must consider when selecting firearms for a post apocalyptic future Some of the topics he covers include What are the five basic questions you must ask yourself when selecting any handgun rifle or shotgun for the apocalypse How can you squeeze surprisingly useful

life saving service from older or low value firearms What vital support gear must you have when you are forced to become your own gun shop Which types of ammunition will not only serve your survival needs but also be available in quantity when ordinary sources run dry What roles can multi caliber guns backup guns and alternative weapons to conventional firearms play in your survival plans What practical modifications can you make to your guns to make them more suitable for post apocalypse survival Given how critical weapons will become in an age when you may have to hunt for meat or defend yourself against numerous post apocalyptic threats the more you must force yourself to consider all the pertinent factors now while you still can Because when the world starts to crumble you won t have time to select firearms that s when you lock and load

**Come and Take It** Cody Wilson,2017-06-06 Cody Wilson a self described crypto anarchist and rogue thinker combines the story of the production of the first ever 3D printable gun with a philosophical manifesto that gets to the heart of the twenty first century debate over the freedom of information and ideas Reminiscent of *Steal This Book* by Abbie Hoffman Cody Wilson has written a philosophical guide through the digital revolution Deflecting interference from the State Department and the Bureau of Alcohol Tobacco Firearms and Explosives the story of Defense Distributed where Wilson s employees work against all odds to defend liberty and the right to access arms through the production of 3D printed firearms takes us across continents into dusty warehouses and high rise condominiums through television studios to the Texas desert and beyond
