**Book Review Digest** ,1919     *Japanese War Crimes and Related Topics: A Guide to Records at the National Archives*  
United States. National Archives and Records Administration,200? This finding aid will help researchers interested in  
Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and  
Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political  
diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for  
information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and  
the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the  
strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those  
with such interests if only to identify record groups and series of records that may bear on those topics This finding aid  
covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government  
Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of  
the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is  
taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers  
should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under  
the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of  
relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant  
records were either never classified or were declassified decades before the Act and were already in NARA s custody While  
this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the  
record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA  
staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still  
photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and  
donated material related to World War II including records related to the subjects covered in this finding aid This is  
particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Think of archives as vast mountain  
ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new  
perspectives when examined with fresh eyes and imagination     **Engineering News-record** ,1942     The Chicago Banker
